Body Shape & Position of the Measuring Tape

## Determination of Sizes

<b>A</b>	<b>Height</b> measured without shoes from the top of the head to the floor standing straight	
<b>B</b>	<b>Chest girth</b> horizontal girth measured round the body, across the strongest part of the chest	
<b>C</b>	<b>Waist girth</b> horizontal girth measured round the waist	
<b>D</b>	<b>Waistband girth</b> horizontal girth measured round the strongest part of the stomach, i.e. there where the waistband is worn	
<b>E</b>	<b>Hip girth</b> horizontal girth measured round the strongest part of the buttocks	
<b>F</b>	<b>Outside arm length</b> measured with a slightly bent arm from arms-cye to wrist	
<b>G</b>	<b>Side length</b> measured without shoes from waist to soles of the feet	
<b>H</b>	<b>Inside leg length</b> measured without shoes from crotch to soles of the feet	

All measurements are body measurements!  
Special sizes and customisations are non-returnable.
